Quorum Court Minutes

11/25/2013

ORDINANCE 2013-8: PASSED

RESOLUTION 2013-10: NO MOTION-FAILED

November 25, 2013 Quorum Court Meeting

10 Justices of the Peace present. Justice **Barbara Weinstock** and Justice **Max Render** were absent.

Judge **Ed Hill** called the meeting to order.

Mike Hawkins moved to approve the minutes from the last meeting. The motion was seconded by Justice **Terry Couch**. The minutes were approved.

Justice **Bob Blankenship** provided an update on the ongoing budget discussions. He noted the worthwhile requests made by the various elected officials and department heads. He noted that the next meeting would be 2 PM on Tuesday, and he expected a draft of the budget to be ready at the conclusion of that meeting. He noted the biggest issue thus far had been health insurance and the County had agreed to move to Arkansas Blue Cross & Blue Shield at a 10 percent increase. He noted the employee deductible would go up to \$2,000. Justice **Ray Kidd** asked if they were still considering a salary increase for the employees. Justice **Blankenship** answered that was the number one priority.

Sheriff **Marty Boyd** provided the monthly Sheriff's Department report – *Appendix 1*. Justice **Ken Stacks** asked if the 370 incarcerated inmates included juveniles. Sheriff **Boyd** answered that it did. Sheriff **Boyd** also mentioned that the felony allotment was full and they had moved some felons over to the misdemeanor section.

County Clerk **Kade Holliday** read Ordinance 2013-09 – *Appendix 2*. Justice **Stacks** moved to pass the ordinance, it was seconded by Justice **Jim Bryant**. The ordinance passed 10-0.

County Clerk **Holliday** read another resolution, but the proposed resolution did not receive a motion to pass – *Appendix 3*. **Dan Melton** addressed the Court and provided his thoughts on the ordinance and urged them to do their research before voting. **Larry Corbert** also thanked the Court for not acting on the resolution and taking the time to research.

Justice **Stacks** asked for an update on Bono Lake. Judge **Hill** said the County was awaiting approval for an emergency action plan before they could fill the lake.

Justice **Stacks** asked how big of a role the County played in the clean-up from the Caraway tornado. Justice **Couch**, who represents Caraway, said the County was a big help as was the city of Jonesboro.

Justice **Josh Longmire** asked where the County stood on YourHR and possible changes to the county personnel policy. **Tony Thomas**, Executive Assistant to the County Judge, answered that the Judge's office was ready to move forward pending the approval of funding.

Justice **Kenny Hendrix** asked if there would be any additional funding needed in 2014 for Bono Lake costs. Justice **Stacks** noted that there would be a carryover in 2014 to cover future bills.

Justice **Bryant** moved to adjourn the meeting. The motion was seconded by Justice **Stacks**. The meeting was adjourned.

Also distributed was the monthly road report – *Appendix 4*.

AGENDA
CRAIGHEAD COUNTY QUORUM COURT MEETING
November 25, 2013
7:00 p.m.

Assembly and Pledge of Allegiance

OPENING PRAYER

Judge Hill will brief the full court on any updates or information concerning any ongoing projects or business.

- I. Roll Call
- II. Approval of minutes; October, 2013 meetings.
- III. Committee Reports:

- a. Budget Committee Update

Note: Due to the Veteran's Holiday and no county business to be discussed, the Quorum Court cancelled the November Committee Meeting scheduled for 11-11-2013.

- IV. Old Business:
 - a. None

- V. New Business:
 - a. Ordinance to establish rates of taxation for tax year 2013, to be collected in 2014.
 - b. Resolution supporting creation of critical habitat for Neosho Mucket and Rabbitsfoot Mussel, supported through U.S. Fish & Wildlife and U.S. Dept. of Interior.

No Motion -
Resolution Fails

RESOLUTION 2013- 10

BE IT RESOLVED BY THE QUORUM COURT OF CRAIGHEAD COUNTY, STATE OF ARKANSAS A RESOLUTION ENTITLED:

A RESOLUTION TO SUPPORT THE CREATION OF CRITICAL HABITAT FOR THE NEOSHO MUCKET AND RABBITSFOOT MUSSEL THAT IS SUPPORTED BY GOOD SCIENCE AND INFORMED BY AN ACCURATE ECONOMIC ASSESSMENT OF THE EFFECTS OF SUCH DESIGNATION

WHEREAS, on July 11, 2011, the U.S. Fish and Wildlife Service (the Service), and the U. S. Department of Interior (Interior) entered into a stipulated agreement with the Center for Biological Diversity (CBD) to settle multi-district litigation centered upon the U.S. Endangered Species Act, and

WHEREAS, none of the states affected by the listing were made aware of the settlement until it was announced allowing for no comments or defense by the Southern states, the subject of the suit, and

WHEREAS, The agreement included a "work plan" that set a schedule for the Service to make endangered and threatened species listing determinations for 374 fresh-water aquatic species in 12 southern and southeastern states with forty-six of those species being in the state of Arkansas, and

WHEREAS, A U.S. District Court Judge for the District of Columbia signed the agreement on September 9, 2011 beginning a review process for all 374 species that will run through calendar year 2018, and

WHEREAS, this is the single largest proposed listing of species under the Endangered Species Act since its adoption by Congress in 1973; amounting to, in effect, a potential increase in the number of species listed under the ESA by about twenty-five percent, and

WHEREAS, without any action taken by the several counties of this state operating through the Association of Arkansas Counties and in conjunction with other public and private industry stakeholders the potential critical habitat area for the Neosho Mucket and the Rabbitsfoot Mussel, alone, constitutes watersheds that cover some forty-two percent of the geographical area of the State of Arkansas, and

WHEREAS, "critical habitat" is a specific geographic area that contains features essential for the conservation of a threatened or endangered species, and

WHEREAS, once critical habitat has been designated the experience in other states has been that activities by private landowners that, purposefully or inadvertently, harms, harasses, wounds, kills, traps, capture or collects the protected species has led to direct federal involvement in those landowners private property, and

WHEREAS, private property owners in Arkansas will almost certainly find themselves facing similar circumstances as have been experienced by property owners in sister states.

Appendix 3

NOW THEREFORE BE IT RESOLVED, it is the position of Craighead County as regards all current and future listings, along with the designation of critical habitat, under the federal Endangered Species Act (ESA) to work closely with public and private entities to insure:

1. Only those species that are truly threatened or endangered are, in fact, listed, and
2. Any designation of critical habitat is limited to the minimum land area, supported by good science, necessary for the protection and welfare of the species, and
3. Both science and the overall economic impact of any listing and designation of critical habitat are taken into account before such listings and designation so as to minimize the impact of such on citizens and private enterprise—also known as the tax base for county government, and
4. The impact of listings and designation of critical habitat under the ESA do not act as a barrier to county government in supplying those fundamental services required by the Arkansas Constitution and state law.
